VOL01 CH04

FOREWORD

This is the free fan-made scanlations by JIUN Scanlations. This may not and should not be used for profit. Please support the artist by buying it from one of the sellers.

Since the chapters are not defined, all volumes will be separated into four approximated parts.

In the manhwa, there are many characters speaking in dialects. They will not be translated directly. There will also be vulgar language and hint of mature themes throughout the story. Though the swearing was muted by incorrect spelling, this version will not. So viewer discretion is advised.

Read from left to right.

Enjoy!
